EXPERIENCE

Frontend Web Developer

2019-2021

Designed sophisticated and innovative user interface (UI) designs, concurrently developing SEO-optimized landing pages customized for the Thailand and Japan markets to amplify customer engagement and enhance visibility.

Freelance WordPress Developer

2017-2019

Responsible for developing standards-compliant, semantic web interfaces using HTML and CSS, including mobile-responsive websites. Designed templates for integration into the WordPress Content Management System (CMS), conducted website maintenance, optimization, and enhancements, and oversaw various eCommerce websites for existing clients.

Web Developer

2015-2017

Responsible for designing, coding, and modifying websites to ensure readability and relevance through effective use of web technologies.
